Sir:

Pursuant to the requirements of 37 C.F.R. § 1.56, submitted herewith on the accompanying Information Disclosure Statement List is a listing of documents recently first cited in communications from foreign patent offices in related applications. A copy of each of the two foreign patent documents is enclosed, and the equivalent English language U.S. Patent equivalent of one of the cited PCT publications is also cited on the list. In accordance with 37 C.F.R. § 1.98(a)(2), copies of any cited U.S. patent or U.S. patent application publication documents are not enclosed.

This Information Disclosure Statement is believed to be filed in a timely manner pursuant to 37 C.F.R. § 1.97(c), in that neither a final Office Action nor a Notice of Allowance has been mailed to Applicants. Accordingly, Applicants make the statement required under 37 C.F.R. § 1.97(c)(1).

The undersigned hereby certifies that each item of foreign patent information contained in the Information Disclosure Statement List was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this Information Disclosure Statement. U.S. Patent No. 6,927,228 was not cited in a communication from a foreign patent office in a counterpart foreign application, but came to the attention of the undersigned as a result of the above-mentioned communications, therefore U.S. Patent No. 6,927,228 was unknown to any individual designated in 35 U.S.C. §1.56 (c) more than three months prior to the filing of this information disclosure statement.

Consideration of the cited documents and making the same of record in the prosecution of the above-referenced application are respectfully requested.

No fee is believed due; however, the Commissioner is hereby authorized to charge any fees which may be required, or credit any overpayment to Deposit Account No. 14-0629.

Respectfully submitted,
